

Supra eKEY™ Basic – Download Instructions

REQUIRED for All Supra Users

1. You **MUST** download the **APP** to your mobile device **PRIOR** to visiting any of our [MLS centers \(4 locations\)](#).
2. You will need a data plan on your mobile device or access to Wi-Fi to download the app.
3. Your mobile device must be running on the most up-to-date software.
4. If this is your first time getting the eKEY™, you must obtain your 30-digit activation code and corresponding FOB from one of our [MLS centers \(4 locations\)](#).

Supra eKEY™ for iPhone

The eKEY™ software is installed through the App Store. You must have an iTunes account set up through Apple in order to install the Supra eKEY™ software.

1. On your iPhone, launch the App Store by selecting the App Store icon.
 2. Select Search, and search for Supra eKEY™.
 3. Select the Supra eKEY™ application.
 4. Select the DOWNLOAD button, and then, select INSTALL.
 5. Enter your iTunes password, and click OK.
- Once the software has been installed, the eKEY™ icon is shown in your list of applications.

Supra eKEY™ for Android

The eKEY™ software is installed using the Android Market. You must have a Google account set up in order to install the Supra eKEY™ software.

1. On your Android, select the Market icon to launch the Android Market.
 2. Select Search, and search for Supra eKEY™.
 3. Select the Supra eKEY™ application.
 4. Select INSTALL or DOWNLOAD.
 5. Select OK or Accept & download.
- Once the software has been installed, the eKEY™ icon is shown in your list of applications.

Supra eKEY™ for Blackberry

The eKEY™ software is installed over-the-air using your BlackBerry's Internet browser. You must have Internet access and an Internet data plan on your BlackBerry to install and use the eKEY™ software.

1. On your BlackBerry, launch the Browser by selecting the Browser icon. (On some BlackBerry devices, the MediaNet icon launches the Internet browser.)
2. Press the Menu button, and select Go To.
3. Navigate to: ekeymobile.com.
4. Select the Download Supra eKEY™ link to download and install the eKEY™ applications.
5. If the application asks to confirm permission changes, press the Menu button and then Save.
